INSTALLATION

Tools:

Power Drill

Silicone Sealant

Teflon Tape

Rags

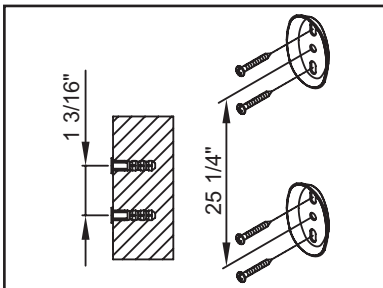

Model Number: P-4430, P-4420

Warnings and Notes:

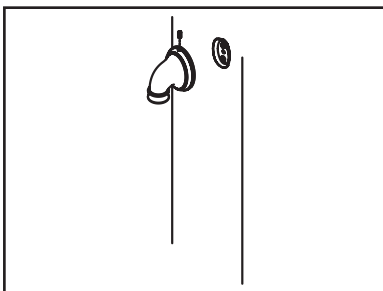

Check with local plumbing code requirements before installation.
This product should be installed by a local listed plumber.
Do not use plumbers putty on threads.

Installation Steps:

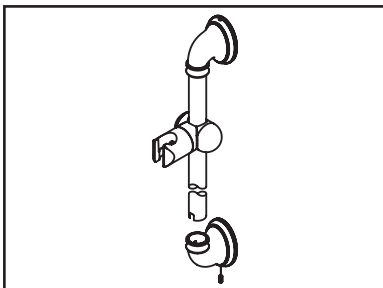

Handheld Shower Set

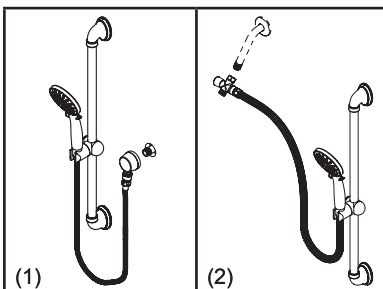

(1) Drill four 1/4" holes as shown in the drawing. Using hammer to tap plastic anchors into the holes and flush with the wall. Secure the mounting plates on wall with help of mounting screws. Make sure two mounting plates are 25-1/4" apart

(2) Place top mount on the mounting plate. Tighten mounting screw on the side of top mount. Place slide bar to top mount.

(3) Place slide bar to bottom mount. Place bottom mount on mounting plate. Tighten mounting screw on the side of bottom mount. Align the notch on the bottom of slide bar so the notch faces back on bottom mount. Tighten Allen screw by using 3/32" Allen wrench.

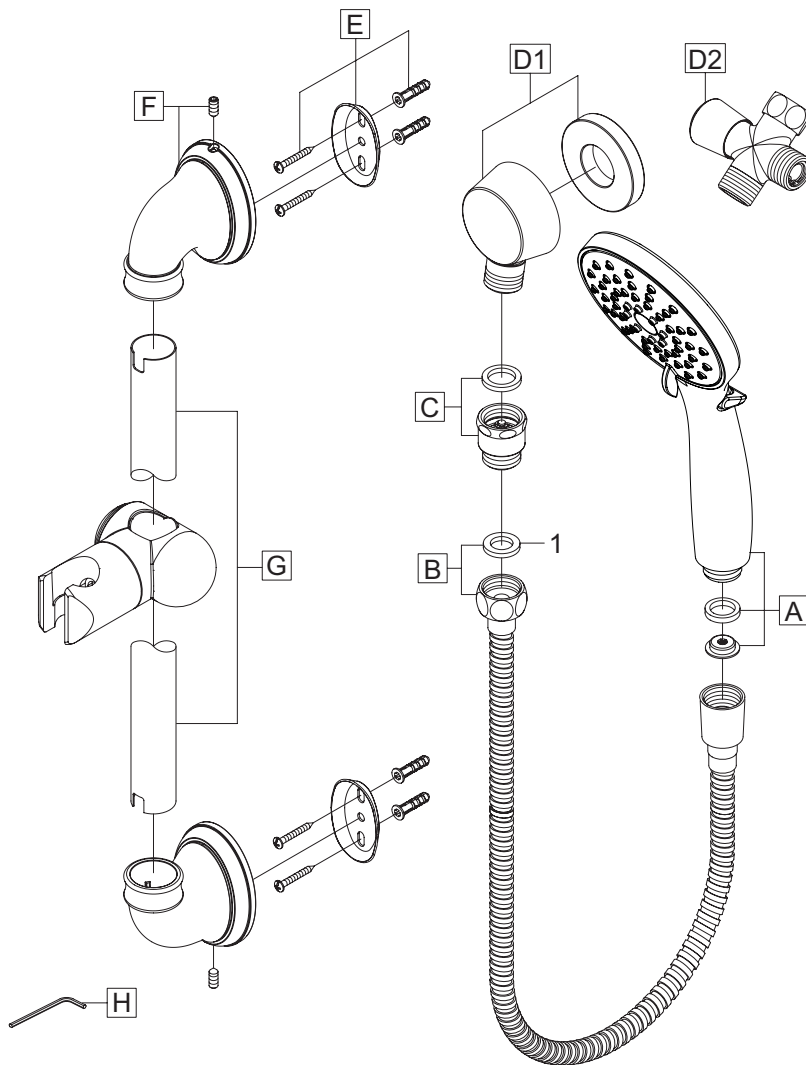

(4) For P-4430(1):-Install drop ell to pipe nipple stretch out from the wall. Use silicon to caulk around drop ell to create water tight seal. For P-4420(2):-Install two way diverter to the shower arm. Install vacuum breaker to drop ell or two way diverter outlet end which connects to handheld showerhead hose. Make sure washers inside both hose connection ends. Connect handheld showerhead hose to vacuum breaker and the end with flow restrictor to handheld showerhead. Turn on water to check any leak.
